

MOUNTAIN TOP

CHILDREN'S MUSEUM

(incorporated)

DAYCAMP DESCRIPTIONS 2009

The Mountain Top Children's Museum, Inc. offers a 12 week summer program packed full of projects, art antics, and crazy experiments. Come explore nature, create from loose parts, and use your noodle to figure things out. Each camp week is based on an exciting theme that offers children opportunities to be creative, inquisitive, and adventurous.

Week 1:

June 3-5

WORLD OF WIDGETS

Enter the world of gadgets and gizmos. Invent and build from parts and pieces, learn how "stuff" works, become an architect,

and experiment with whatchamacallits and thingamajigs. Put on your safety goggles and take things apart.

- Week 2:** *June 8-12* **ROAD TO THE OSCARS**
Step into the spotlight, create a radio show, and become a movie star. Make puppets, masks, and props from your imagination and put on a five star production! Lights, camera, action!
- Week 3:** *June 15-19* **GALAXIES GALORE**
Hop aboard a rocket built by your imagination. Blast off into outer space and explore the different planets. Watch out for asteroids, shooting stars, and satellites!
- Week 4:** *June 22-26* **OUT AND ABOUT**
Find your way with compass and map, learn to be a junior "EMT". Survive the group challenge and find out about safety in the wilderness. End the week with a camp out on Friday night. (Camp site & times to be announced)
- Week 5:** *June 29-July 3* **UNDERGROUND SOUND**
Dig back in time, find fossils and footprints. Go GREEN as we learn about recycling and other ways to help our planet. Become Mother Nature's helper and explore what's underground. Think like a worm as you dig into your dirt dessert.
- Week 6:** *July 6-10* **OPERATION IRRIGATION**
Splish Splash into a week full of water! Learn the properties of H₂O, create an original watercolor painting, and sink a submarine. Spend a day on the "beach", design a boat, make a fish print and prepare to get wet! Mark your calendar for the 3rd Annual Dog Wash Fundraiser on Wednesday, July 8th!
- Week 7:** *July 13-17* **UP, UP AND AWAY**
Let your imagination take flight, design paper airplanes and rockets. Make kites fly and hot air balloons soar. Sky's the limit when you WING IT!
- Week 8:** *July 20-24* **MASTER OF DISGUISE**
Become an undercover agent, break the secret codes, investigate clues, and find treasure. Take a visit downtown and see what the

experts do. Solve the mystery around town. Learn about disguises and challenge yourself at the CIA training course.

- Week 9:** *July 27-31* SPANGLERIFIC
Step into the world of science guru Steve Spangler. Make potatoes and toilet paper fly and blast off giant smoke rings with a vortex generator. It will be a week filled with screaming balloons, flying soda, preposterous polymers, and dry ice experiments. *Mark your calendar for the 4th Annual Steve Spangler Fundraising Event on Friday, July 31st.
- Week 10:** *August 3-7* AROUND THE WORLD
Grab your passport and see the sites! Travel to the land Down Under, visit the jungle of Costa Rica, and go on an African safari. Learn about different cultures as we climb the Great Wall of China and dance an Irish jig!
- Week 11:** *August 10-14* GROSSOLOGY
It's slime time as we work with purple potion, mix up a batch of glup, and stir together some crazy concoctions. Make fungus among us, learn about molds and spores, and about the human body INSIDE and out.
- Week 12:** *August 17-21* CRITTER LITTER
Get crazy with creatures and critters of the wild. Become a tracking maniac, converse with a critter, hunker down in a habitat, and design an animal all your own.
